Nine years ago, we set out to capture a new expression of our vineyard, featuring our iconic Ballard Canyon varietals - Sauvignon Blanc and Syrah. At our location in the Ballard Canyon AVA, Sauvignon Blanc & Syrah flourish, exemplifying our long held mission of producing the highest quality wines with a terroir-driven focus. Choosing blends that captured the essence of each particular vintage, we produced a small amount of these distinguished varietals in a style that can be enjoyed well into the future.
